THINKS SPEED OF EMPRESS CAUSED IMPACT'S FORCE

First Officer of Storstad
Blames Pace of Liner and
the Current.

TIME SEEMED ALSO IMPORTANT TO HIM

Admits Disobeying Instructions
and Not Coming to Full-
Stop After Signal.

Quebec, June 17.—The captain and the first officer of the collier Storstad, testified today at the Empress of Ireland wreck inquiry and contradicted in several particulars the statements made on the stand yesterday by Capt. Kendall of the lost liner.

The first officer, Alfred Tuffness, who was in command of the collier, when the collision occurred, insisted that there was no explosion and no sheet of flame from the side of the Empress when she was struck as Capt. Kendall had described. Tuffness swore that all he saw were sparks such as might have been expected from the impact of steel on steel. The first officer admitted he had not obeyed instructions in failing to call his captain from below when the fog shut down just before the collision. He said he believed that the Storstad had the right of way and that he was entitled to keep his course at reduced speed, even though he had signalled previously to the Empress that he had stopped. He blamed the current for swinging the ship.

It was the speed of the Empress, he explained, which caused the Storstad's bow to sink 12 feet into the side of the passenger vessel.

Tuffness in Charge

Alfred Tuffness, first officer of the collier Storstad, took the witness stand again today, and Butler Aspinall began his cross-examination on behalf of the Canadian Pacific railway, owners of the Empress.

The witness was in charge of the collier immediately prior to the collision.

Tuffness said he did not know whether the master of the Storstad got a hour for a speed trip with coal for the Dominion Coal company between Sidney and Montreal. Captain Anderson, of the Storstad, who was sitting in the rear of the court, was asked about it and replied in the negative. The witness admitted that the ship was unsinked at night at Montreal.

"Time was apparently important," commented the attorney.

"The witness concluded that it seemed to be. He denied that the Storstad was navigated in the fog for one hour and a half prior to first seeing the must-head lights of the Empress. When the light came into view, he said, the Empress was about six miles away and one and a half points on the Storstad's port bow. She was pursuing a course across the collier's bow.

"Now," said Mr. Aspinall, "the ship was traveling at 17 knots an hour. At the end of 15 minutes where was the Empress when she changed her course?"

"About one point on our port bow," Tuffness said.

"What," exclaimed Aspinall, "in 15 minutes the vessel had only narrowed the distance a half a point? Didn't she get across to your starboard bow?"

Tuffness said he ordered the helm port and a little later hard to port. Lord Mersey: "Isn't it a fact that in consequence of your helm being put to port your head would go to starboard, and that is how the accident occurred?"

"It did not."

Lord Mersey: "Why, that was the object in putting it port?"

"No, that wasn't it; it was to keep

CUPID BEATS KAISER; PRINCE OSKAR TO WED OUTSIDE OF ROYALTY

COUNTESS INA MARIE VON THASEWITZ-LEVETZOW AND PRINCE OSKAR.

Berlin, June 17.—Official confirmation today was stamped upon the reports of a morganatic marriage between Prince Oskar, fifth son of Emperor William and the Countess Ina.

Marie von Thasewitz-Levetzow, formerly a maid of honor to the Empress and mistress to one of the richest relatives of Mecklenburg-Schwerin.

The official explanation of the consequence of the Kaiser to this "left-

handed" match of his son is contained in the following brief statement: "Their marriages recognize the fact that their son's happiness is more important than the maintenance of the strict family tradition."

The official explanation of the consequence of the Kaiser to this "left-

handed" match of his son is contained in the following brief statement: "Their marriages recognize the fact that their son's happiness is more important than the maintenance of the strict family tradition."

handed" match of his son is contained in the following brief statement: "Their marriages recognize the fact that their son's happiness is more important than the maintenance of the strict family tradition."

SPECIAL POLICEMAN FIRES AT AUTO WITH GERMAN AMBASSADOR

Champaign, Ill., June 17.—Count Johann Von Bernstorff, ambassador from Germany to the United States, narrowly escaped death here today when a special policeman fired point blank at the automobile in which the ambassador was being driven to the commencement exercises of the university of Illinois. The shot went wild and was not repeated.

Count Von Bernstorff was riding to the campus from the railway station. He was the guest of Arthur Meeker, of Chicago, and was riding in the Meeker automobile. Mr. David Kinty, vice-president of the university, and Dr. Bouelle Green were also in the automobile.

Tie Up 800 Vessels

London, June 17.—A general strike of marine engineers on tramp steamers began in the United Kingdom yesterday. The engineers demand an increase in wages. It is expected between 800 and 800 vessels will be laid up.

SWEARS THREE ASKED HER FOR "PROTECTION"

Most Sensational Evidence Yet Given, is Sworn Statement by the Keeper of a House of Ill-fame that William Wheeler, of the Dominion Club, Walker Turner, of the Douglas Club, and Moore, or Mohr, of Namayo Avenue, Asked Her to Pay Money—Alleges that She was Told that Arrangements Were Being Made With "The Chief," but that Booth was in the Habit of Going Over the Chief's Head—Says Inspector Burbeck Told Her to Keep Quiet.

Before today there has been no first hand evidence given of "protection money" being demanded from women who kept houses of ill fame in the city. At today's inquiry direct evidence on oath was given by Mrs. Jack Sutter, who kept a rooming house at 401 Clara, that she and her husband were asked by Oro West to pay \$200. She was told by West that he would show her a man who would give the money to Magistrate Massie.

Carmen Daily, who kept a house of ill fame at 630 Kintostino, was the witness by her affidavit that she had been asked by three different persons to pay protection money and that she was told by Inspector Burbeck to keep quiet. William Wheeler told her she would be "sloshed" if she did not pay, and gave her two days to think it over. On the second day she says Wheeler went back, but was refused admission.

The same night Daily was arrested by Inspector Seymour and Detective Fryant. Seymour told her, she says, that Chief Lancey had sent him. She thought when Wheeler told her she would be "sloshed" that he meant she would be arrested.

City Solicitor Bown suggested that Magistrate Massie should be given an opportunity of hearing the evidence given by Mrs. Sutter in which his name was mentioned, but Justice Scott declined to stop the witness' testimony on that account, and said Mr. Massie could see the stenographer's report of the evidence.

Commissioner Booth told of his attempts to put an end to drunkenness and lack of discipline on the police force and letters were put in showing his written instructions to Lancey to drive out of town all men living on the earnings of women, all street walkers, and to close all gambling houses and houses of prostitution. He said he dismissed Lancey because Lancey failed to carry out his instructions regarding the raid on the First street gambling house and failed to get any information about the proprietor.

"Who was the proprietor of the gambling place?" Mr. Biggar asked.

"William Wheeler," replied Commissioner Booth.

Justice Scott took the stand shortly after 10 o'clock. His Lordship carried under his arm the typewritten copy of the evidence taken so far. Up to last night the evidence amounted to 429 large sheets of typewritten matter.

Denies Allegation

At the request of Harry Robertson, William Thomas Douglas, proprietor of the Queen's hotel, was allowed to go into the box to reply to a statement concerning him made in the witness box yesterday.

Mr. Robertson said that as Mr. Douglas was a hotelkeeper and the licenses of the hotels were pending at the present time, such an imputation was a serious matter to Mr. Douglas.

Mr. Douglas declared that he had never received any money from a woman of loose character for protection purposes. He did not know the woman in question and he did not know the Shugraman block or street.

Mrs. Jack Sutter was again called. This is the third time she has been in the box.

Mr. Biggar: Have you any information on the subject of paying protection?—Yes, none.

Will you tell us?—Yes, this man Oro West was up there and I had quite a conversation with him.

Justice Scott: At your rooming house?—Yes.

Visit From Oro West.

What was said?—Previous to this time, on March 1st, Mr. Burbeck had taken a couple out of the house. My husband was out and I was sick in bed. About 12 days afterwards Mr. Burbeck came up again and this man and woman had just registered, had not gone to a room. This was Fay West. A few days afterwards a subpoena was served for my husband to appear. The trial was postponed from May 1st to last, but they wanted to dismiss this charge against my husband.

(Continued on Page Three)

HUERTA GUNBOAT SINKS REBEL VESSEL IN BOUT FOUGHT NEAR MATAZAN

Washington, D. C., June 17.—The Huerta gunboat Guerrero defeated and probably sank the Constitutionalists' gunboat Tampico, near Matatlan, according to a report today from Rear Admiral Howard.

The captain and chief engineer of the Tampico committed suicide. The naval boat was witnessed by the United States ships New Orleans, Perry, and Preble. No details were reported.

The engagement took place last night off Topolapampa and word came to the navy yesterday early today. Some of the crew of the Tampico were rescued by the New Orleans which had accompanied the Guerrero southwest yesterday. Others were rescued by the Guerrero. The surgeon of the New Orleans gave aid to the wounded and assisted in the care of the injured on both sides, co-operating with the staff of the federal gunboat.

The report that the Tampico was sunk had not been verified, but she was badly disabled. This is the second damage the constitutionalist warship has suffered at the hands of the federal navy. The Tampico was sunk on June 13, and only yesterday was repaired so that she could move under steam.

The Guerrero is nearly twice the size of the Tampico and her ordnance is at least 50 per cent. more powerful.

It is believed by staff officers here that the victorious Guerrero, now that she has destroyed the principal naval strength of the constitutionalists on the west coast, will be able to greatly interfere with their slave operations against Matatlan, and even as far north as Guaymas.

Two Aeroplanes Arrive

Portland Ore., June 17.—Fred Donaldson, and Wilbur Henderson, who left here Thursday in the balloon Springfield, arrived today at Blue Lake.

FOR AUTHENTIC REPORTS OF THE PROCEEDINGS OF THE POLICE INQUIRY, READ THE EDMONTON CAPITAL

COUNCIL MEETING ADJOURNS BECAUSE CLARKE'S SPEECH

Sensational Scene Enacted When Aldermen Smith, Calder and Douglas Withdraw Leaving No Alternative But to Break Up Session and Suspend Business.

Persistent delaying for a point of order, raised by Acting Mayor East, on the part of Alderman Joseph Clarke, was the result of last night's meeting of the city council, terminating in a regular session.

During a melodramatic speech delivered by the alderman pertaining to the present investigation and the manner in which it was being conducted, Alderman Smith, Calder and Douglas arose from their seats and strode from the council chamber. The quorum necessary for the transaction of business then being lacking, the council was forced to break up, at a period when they were but little better than half way through the routine before them for the evening.

Those who were present at the meeting were: Acting Mayor East, Alderman May, Alderman Douglas, Alderman Calder, Alderman Driscoll, Alderman Clarke, Alderman Smith and Alderman Kinney. The absentees: Mayor McNamara (in the east), Alderman Sheppard and Alderman Campbell.

As foretold in yesterday's Capital there was likely to be fireworks, and fireworks there were, in plenty. The whole trouble culminated over a resolution drafted by City Solicitor Bowen, which was moved by Alderman May and seconded by Alderman Kinney. The text of the same was as follows:

"That the Honorable Mr. Justice Ross be requested upon the investigation now pending to extend the equality respecting paragraph three: 'Are any persons in the city of Edmonton permitting their premises, or premises over which they have control, to be used for the purpose of a common gaming house, house of ill-fame, or other disorderly house.' So that the period of such inquiry shall go back to the first day of February, 1914, in other matters in regard to which the investigation has been requested."

As soon as Alderman May moved that the resolution be adopted, difficulty was at once apparent in finding a seconder to the sponsor. None of the other sitting members appeared to be particularly anxious to go on the motion. Here Alderman May threw down the gauntlet and challenged any one to second it. "Will no alderman second this motion?" he said. "If not, you are simply trying to shield your secrets. Let's know the whole truth, you are one of the board of investigation, now come through with it."

Alderman Calder rose and made the statement that he would willingly second the motion providing the word "knowingly" was inserted by Alderman May preceding that of "permitted." This followed considerable argument. City Solicitor Bowen being asked to express his interpretation. This, he stated to the council, was really synonymous and that he failed to see any further meaning that might be derived by the insertion of the word "knowingly." It was then decided that the word "knowingly" was inserted by Alderman May preceding that of "permitted."

When the new resolution, as given above, was submitted, Alderman May again moved that it be adopted. No seconder, however, still was forthcoming. All showed a disposition to enter into debate upon the same. This attempt was promptly set upon by the alderman. "I will not allow anyone to debate it unless he is prepared to do so," he said. "I will put you all on record tonight, at once raising a point of order which was sustained by the council. Alderman Clarke then asked Alderman Kinney as a request if he would act as seconder to the resolution in order that the council might go into debate, which the latter did.

Alderman Clarke then rose and made the statement in his opening remarks that he took strong exception to the manner in which the present investigation was being conducted by a "kangaroo lawyer," as he termed it, who was trying to railroad the investigation. "I know that I am the principal target," he said further, asserting that he had been punished and pilloried by the press.

Then for the first time Alderman Smith called for a point of order. His minority ruled that Alderman Clarke would have to confine himself strictly to the motion. The alderman pointed out that he was so and that his statements were merely leading up to what he had a right to say in the matter. "The reports that the papers are giving," he continued, "are not anything like the evidence. The headlines in the Capital today are directly opposite." He then proceeded to read the entire text of his own testimony given before the investigation, after which he requested that he be called in contempt in the court, as he said, "I am reported in the press."

The alderman went on to say that he had Alderman May's authority that Mr. Biggar refused to call the Bulletin staff when asked to do so. There had been a whole lot not reported in the papers and the papers are the only judges that the people have to go by. He then continued to wax warmer and warmer, when finally Alderman Calder interposed the remark: "Get it off your stomach. Here a point of order was once more raised, but Alderman Clarke was not to be halted."

The City Council, Mr. Joseph Clarke," he said. "If I am not permitted to speak here I can hold bigger meetings in public than the L. W. ever held." This was the climax. Alderman Smith was the first to leave the council chamber, being closely followed by Alderman Calder and Douglas, and the meeting was over, having come to an abrupt ending.

An interesting number of spectators were present throughout the proceedings, and Alderman Clarke was loudly applauded at various intervals and again at the final break-up.

GREECE PREPARES TO ATTACK TURKS FROM BOTH SIDES

Invade Asiatic as Well as European Turkey; Disastrous War Feared.

RUSSIAN WARSHIP
LEAVES FOR SMYRNA

France and Russia Join Hands in Endeavor to Avert Further Trouble.

(W. A. P. Special Cable)

Paris, June 17.—Greece is preparing to invade Turkey. With an earnest desire to avoid new troubles in the Balkans which would probably provide a still more disastrous war than that of two years ago, the Russians and French, last night addressed a joint note of conciliation to both the Greek and Turkish governments. The situation in the near east is considered so serious by Russia that orders have been issued by the minister of marine that that country for a Russian warship to leave at once for Smyrna. It is stated that should war not be averted Greece will this time begin operations by invading Asiatic Turkey as well as European Turkey. It is stated that Turkey has answered the strong note sent by Greece with a reply in which is couched in the customary ambiguous language used by Turkey to cause delay. Since the first motion of reprisal made by Greece, it is feared, aggravated the situation, which was behind time and running fast, when the accident happened and it is considered a miracle that no one was killed, as the interior of the coaches resembled a carnival crazy house. The train cannot be cleared for 24 or 30 hours. Fifty automobiles from London, Cork and Crookston took the passengers to those cities to catch other connections.

Didn't Violate Rule.
Ottawa, June 17.—That the 5th regiment of Montreal did not violate the regulations when they took part in the Corpus Christi parade on Sunday with rifles in their hands, is the statement of Col. Sam Hughes, minister of militia, yesterday.

Opposed to Militia.
Ottawa, June 17.—On May 22 the 20th ballot of the Social Democratic party of Canada, in connection with the resolution, appealing to the people of the Temiskaming district not to vote in the coming election, was being organized to do the bidding of the "master class" against the organized workers if the election should be held.

Big Increase of Swine.
Regina, June 17.—In the number of head of swine in Saskatchewan there has been a remarkable increase. Twelve months ago it was estimated that there were some 100,000 head in Saskatchewan. Today it is estimated there are approximately 400,000.

POSTAL CONVENTION
DELEGATES TO HOLD
BIG BANQUET TONIGHT

The delegates to the convention of the Postal Clerks' association of western Canada will wind up a very successful meeting by a big banquet in the Hudsonia tonight, commencing at 7:30. An enjoyable program of songs and music had been arranged for, and the following toast list:

BRIGHT, RUDDY CHEEKS FOR PALE PILLS

No Longer Any Need to Be Pale, Weak or Anemic.

By Following the Advice of Miss McEwen You Can Quickly Become Strong Again.

The pallid girl always lacks appetite. What little she eats is badly digested. At night she is restless, and does not sleep soundly. Vital force must be increased, new blood must be supplied and a general rebuilding take place before she will feel like she ought.

Dr. Hamilton has invaluable experience in these cases and has developed so prompt in building up young women as his vegetable pills of Mandrake and Butternut.

Dr. Hamilton's Pills begin by cleansing the system and purifying the blood; they also improve digestion and render food ready for absorption. Additional nourishment is quickly supplied and the patient is fast strengthened and invigorated.

Full of spirit, ruddy and strong is the girl that assists her system by the use of Dr. Hamilton's Pills.

The following record of a letter from Miss Etta McEwen, of Haliburton, speaks for itself:

"In using Dr. Hamilton's Pills I find my system is wonderfully built up. It is certainly the most effective remedy I ever used. I have now a good appetite, sleep more soundly, and awaken in the morning feeling fresh and vigorous."

"Formerly I felt tired and depressed. I looked as if a severe illness were hanging over my head."

"Nothing could give quicker results than Dr. Hamilton's Pills, and I strongly advise every young woman to use them."

All dealers sell Dr. Hamilton's Pills, 25c. per box or five boxes for \$1.00, by mail from The Cataract Co., Buffalo, N.Y., and Kingston, Ont.

WINNIPEG FLYER LEAVES TRACK; NO FATALITIES

Only Edmonton Special Grand Trunk Car at Rear Left on Rails.

TRAIN BEHIND TIME
AND RUNNING FAST

Miracle That Nobody Killed—Slight Injuries to Three Employees.

Crookston, Minn., June 17.—The Northern Pacific train No. 13, the Twin City-Winnipeg Flyer, was wrecked one mile east of Davidson, 12 miles west of Crookston, at 5 o'clock yesterday afternoon, and the entire train left the track excepting the Edmonton agent's car belonging to the Grand Trunk. What was on the rear end. A special freight car just back from the Russian left the rails first and the cause has not yet been determined. The rails were torn up and twisted for a distance of 40 feet.

Conductor Clark, of R.R. Paul, one of the most Northern Pacific conductors in charge of the train, escaped with a severe shaking up. Broken wagon, of Staples had three ribs broken. Engineer Cayton stuck to his engine and remained on the engine when it went over, and escaped with bruises. The train was behind time and running fast, when the accident happened and it is considered a miracle that no one was killed, as the interior of the coaches resembled a carnival crazy house. The train cannot be cleared for 24 or 30 hours. Fifty automobiles from London, Cork and Crookston took the passengers to those cities to catch other connections.

Mlle. Louis La Gai TO TEACH DANCING AT SUMMER UNIVERSITY

London, June 17.—Every inch of sitting and standing space in the Burlington Garden theater was occupied last night by fellows of the Royal Geographical society, their wives and guests, when Theodore Roosevelt arose to lecture on the River of Doubt, and a fashionable crowd outside, fully 500 strong, clamored vainly for admission. The lecture in its main lines was similar to the Washington one, but there were more details of adventure in the rapids and with blood-sucking bats, carnivorous fish, catfish which catch monkeys and poisonous ants. The audience was particularly amused at a description of soccer football played by Indians with their heads instead of their feet. The lecturer's sentiment, "just as the nineteenth century saw the great development of North America, so the twentieth, I think, will see the development of South America," was heartily endorsed.

SAYS EDMONTON HAS NO CAUSE TO COMPLAIN

Ex-Alderman Walsh Speaks Most Encouragingly of Conditions Here.

MORE BUILDING THAN
IN MANY OTHER CITIES

Observations After a Six-months Tour of California and the Coast.

"Although people may think that times are quiet here, still if they could witness conditions in some places, they would soon realize that after all they were not so badly off. There are more building operations going on in Edmonton than any other place I have visited during my travels while away."

Such was the comment made by ex-Alderman Thomas Walsh of the south side to the Capital representative yesterday. Mr. Walsh, who only returned last week from an extended trip to the west six months' duration to all the leading centers of the Pacific coast and California, expressed himself, as being glad to be home once again. Edmonton he said was enjoying a greater era of prosperity than any other city he had visited.

Mr. Walsh, accompanied by Mrs. Walsh and family left in January last on a tour of the Pacific coast. Although they motored a distance of 6,000 miles through the gardens of California and adjoining states, Judge and Mrs. Tipton of this city were also members of the touring party.

"I found many of the cities visited particularly quiet," he said. Ex-alderman, "Los Angeles, however, impressed me as being the most prosperous city of any of the cities. Conditions are very favorable for a large citrus crop of oranges, lemons and other fruits this season, owing to the absence of any frost."

SAYS PROSPECTS BEST IN YEARS

Pioneer Enthusiastic Over Present Outlook—Grain of Deep Richness Color.

FARMERS GREATLY ELATED
J. L. Porte of Industrial Bureau Makes Trip of Inspection in District.

"For the 32 years that I have been resident here, I have never seen better prospects for an abundant crop than exist at the present time."

The above statement was made to the Capital representative this morning by J. L. Porte of the city industrial bureau. Mr. Porte only returned yesterday from an extended drive over the entire Port Saskatchewan and adjacent farm districts.

"The old land that has been tilled for years is cleaner than I have ever seen before," he continued. "The early rains and warmer weather has given the grain such a splendid start that all obnoxious weeds are practically exterminated. Not only are they effective in all cases of Constipation, but they help greatly in breaking up a Cold or Croup by clearing out the system and purifying the blood. In the same way they cure Biliousness, Indigestion, Sick Headaches, Flatulence and other common ailments."

Mr. Porte's Indian Root Pills are a Household Remedy.

HELP THE GIRLS!

ROOSEVELT APPEALS TO FASHIONABLE LONDON AUDIENCE

London, June 17.—Every inch of sitting and standing space in the Burlington Garden theater was occupied last night by fellows of the Royal Geographical society, their wives and guests, when Theodore Roosevelt arose to lecture on the River of Doubt, and a fashionable crowd outside, fully 500 strong, clamored vainly for admission. The lecture in its main lines was similar to the Washington one, but there were more details of adventure in the rapids and with blood-sucking bats, carnivorous fish, catfish which catch monkeys and poisonous ants. The audience was particularly amused at a description of soccer football played by Indians with their heads instead of their feet. The lecturer's sentiment, "just as the nineteenth century saw the great development of North America, so the twentieth, I think, will see the development of South America," was heartily endorsed.

Co-Operative Farmers Busy

Regina, June 17.—Seventy-two farmers co-operative organizations have now been organized in Saskatchewan for the purchase of farm supplies and the marketing of farm products.

Minneapolis, June 17.—W. J. Fitzsimmons, a wealthy farmer, of Nebraska, Saskatchewan, was found dying in a room at the Nicollet Hotel, four miles after he entered yesterday. He died at the city hospital last night. His death is being investigated. In Fitzsimmons' clothing was found \$12 in currency and four addresses written on the back of champagne cards, picked up in the hotel. One bore his own name; another that of his mother, Mrs. B. Fitzsimmons, of Albert Lea, Minn.; another the name of Mrs. J. Farrell, 2627 Duane street, St. Paul, Minn.; and the name of Miss Lolo Fitzsimmons, his sister.

A revolver lay by his side and a bullet had entered his head near the right ear. In the absence of any motive for taking his life, and the fact that the man was well dressed and well supplied with money, the coroner withheld his verdict, pending an investigation. His relatives were notified at Albert Lea and will arrive today.

Mrs. Farrell said she did not know Fitzsimmons was in the city. She knew he had visited at Albert Lea, but understood he had left for Canada and believed his family thought him on his way home.

ANAESTHETIC PISTOL IS LATEST INVENTION TO CATCH CRIMINALS

Paris, June 17.—The "anaesthetic pistol," devised by city chemists at the time of the siege of the notorious automobile bandits, was used successfully last night in the capture of a mad woman, Mlle. Malan, an artist, who, in a fit of madness shot herself in her apartment in the Avenue du Neully and threatened her neighbors from a window with a revolver. The police, who were summoned, fired several shots at the woman, but without effect. The anaesthetic pistol was then brought into service and the woman was stupefied with gas and removed to an infirmary.

Mount Lassen Smoking.
Redding, Cal., June 17.—Two identical reports received here at noon yesterday from different stations of the Northern California Power company say that Mount Lassen was smoking heavily yesterday from a new vent on the south slope.

POLICE CHIEF IS DROWNED WHILE BATHING IN LAKE

James Brennan, Chief of Kindersley, Sask., Police Met Death Tuesday.

TOWN'S BYLAWS DID NOT PERMIT BATHING

New York Friend Makes Unsuccessful Attempt to Rescue Brennan.

Kindersley, Sask., June 17.—James Brennan, chief of the Kindersley police, was drowned shortly before 2 o'clock yesterday in Lake Metherell, the source of the town's water supply. Although it is against the laws of the town for anyone to bathe in the lake, the chief, accompanied by W. Cullen, Dunkirk, N. Y., went to the lake and the chief went into the water. According to the story told by Cullen, the chief had been in the water but a short time when he called for assistance. Cullen stated that he made an attempt to save the chief, but was unsuccessful. Twice he was pulled under the water and finally had to leave Brennan to his fate.

Dr. Morse's Indian Root Pills

exactly meet the need which so often arises in every family for a medicine which opens up and regulates the bowels. Not only are they effective in all cases of Constipation, but they help greatly in breaking up a Cold or Croup by clearing out the system and purifying the blood. In the same way they cure Biliousness, Indigestion, Sick Headaches, Flatulence and other common ailments."

Mr. Porte's Indian Root Pills are a Household Remedy.

GENERAL VILLA DESIGNS FROM SECOND COMMAND

Successor Will Be Elected by
Popular Vote of Army
Officers.

**MEDIATION REACHES
HOPELESS DEADLOCK**
No Agreement Can Be Made
Regarding Personnel Pro-
visional President.

Ed Paso, June 17.—General Villa tendered his resignation to General Carranza within the last week. It became known last night. To Villa's message, the constitutionalist commander-in-chief replied asking who would succeed him.

Following this, Villa's various military chiefs held a conference and sent a "round robin" to Carranza, declaring that they would accept no other but Villa as leader. The split of yesterday resulted. General Villa ordered all commanders of garrisons throughout the territory he controls to report to Carranza. This order was accepted unanimously by observers here. History of the Pancho Gero rebellion against President Madero was revived. Carranza, as Villa, was a leader of the volunteer troops of Chihuahua state and as a former favorite led a revolution against the former president.

Sir Thomas Skinner, Governor,
Optimistic of Future —
More Land on Hand

The resignation of Villa is due, it is said, to General Carranza's attempt to take Carranza without orders. It is reported General Carranza has called together chief army officers of various brigades under General Villa for the purpose of selecting by vote a second in command to succeed Villa in the same way as the latter was chosen by Carranza. Villa, however, has declined to accept of an armistice, why only a man prominent in the constitutionalist ranks will be accepted by them for the provisional presidency and finally they said they believed the constitutional army would settle the Mexican problem soon if left unhampered by foreign complications.

The constitutionalist representatives had come from Washington especially to see the American delegates, told them why they could not agree to an armistice, why only a man prominent in the constitutionalist ranks will be accepted by them for the provisional presidency and finally they said they believed the constitutional army would settle the Mexican problem soon if left unhampered by foreign complications.

The accomplished Nothing
The Americans returned to Niagara Falls feeling that so far as the political pacification of Mexico is concerned, mediation has accomplished nothing and probably the end of the conference was very near.

The next full conference is set for Friday at 11 a.m. Until then little will be done because of the absence of Minister Nao, of Argentina. Most of the participants here incline to the view that Friday's session may be the last. The three mediating plenipotentiaries have practically abandoned the hope of solving Mexico's problems. Only developments, not now foreseen, such as a change of attitude on the part of the constitutionalists or of the Villa delegates can keep the conference in being.

Dispatches of the seizure by a Villa official of the telegraph office at Cuernavaca, held previously by Carranza officials, created a stir in the mediation colony. The Villa delegates said it plainly showed the correctness of their repeated warnings that a lack of cohesion in the constitutionalist ranks would lead to anarchy in the north. The news served also to confirm suspicions which have been current in many quarters here of a breach between Villa and Carranza.

Kidneys Were The Cause.

Weak back is caused by weak kidneys, and the first approach or evidence of kidney trouble Doan's Kidney Pills should be used, and serious trouble avoided.

Doan's Kidney Pills go right to the seat of the trouble, cure the weak kidney and prevent any further complications arising.

Mr. John Briggs, Whitewood, Sask., writes: "I am sending you this testimonial out of pure gratitude, as I am not a believer in patent medicines, but I can now state that I became quite willing to give anything a trial. I paid a visit to a local druggist, and told him I was suffering intense agony with my back. He told me I had kidney trouble, and handed me a box of Doan's Kidney Pills, saying it was the best thing he could possibly give me. I tried them, and the effect was certainly marvelous. They are worth \$10.00 a box of anybody's money, and I would not give a box without a box by me. I certainly now in present condition to Doan's Kidney Pills."

Doan's Kidney Pills are 50 cents per box and 10 boxes for \$4.50, at all dealers or mailed direct on receipt of price by The J. M. Doan Co., Limited, Toronto, Ont. When ordering direct specify "Doan's."

BENNET BURLEIGH, THE FAMOUS CORRESPONDENT, IS CLAIMED BY DEATH

London, June 17.—Bennet Burleigh, oldest and most widely known war correspondent died here today. A Scotchman born in Glasgow nearly 70 years ago he joined the ranks of the Confederates in the civil war and fought through the entire campaign, being twice captured and sentenced to death by the northern troops.

Later he turned to newspaper work and reported a number of campaigns for a news agency. In 1882, he began his connection with the London Daily Telegraph, which lasted till his death. He followed for that paper the England-Egyptian war, and various Sudan campaigns. The French annexation of Madagascar, the Ashanti war, the Spanish expedition in Morocco, the Russo-Japanese war, and the recent Balkan war.

For many years he was able to visit his home only on rare occasions owing to his constant service in the field. At one time Burleigh went into politics and stood for a Scottish constituency. He was the author of a number of books.

Bennet Burleigh was well known by many Canadians and was a welcome visitor to the Canadian hut at the Balmorhea meeting. In the American civil war he was jailed in Toronto accused of being an agent on Canadian soil. He was eventually liberated by order of the Imperial government.

HELP THE GIRLS!

SOCIAL AND PERSONAL

THE GAY WORLD.

Rev. R. Leitch leaves for Saskatoon the end of this month to take charge of Grace church in that city. He will preach his last sermon here next Sunday. Rev. D. R. Tilton will exchange pastorate coming from Grace church here to take up the work on July 1.

Rev. Mr. Wheeler, of Edmonton, will take up the work at Clover Bar, where the former pastor, Rev. W. J. Conly, will take for the second time the pastorate at Nanaimo.

Mr. Garfield of Millet is in the city for a time.

Mr. and Mrs. A. M. Reed, who have been visiting in town left for their home in Toronto the beginning of the week.

Rev. Solomon Hann of Carmarthen, will take up the work at the North Edmonton church, beginning his duties the first of July.

On Friday at 6 o'clock in the Westminster Methodist church, Albany avenue, there will be a strawberry social for the proceeds for the Young People's Tennis Courts.

Rev. P. S. Parrott is leaving this month for Youngstown, Alberta, to take charge of the church there, his aged mother goes with him.

Rev. D. Simpson from Stoney Plain will come to the city to take Rev. Mr. Parrott's charge.

Miss Leslie and Miss Lyle Scott are visiting Miss Noy, in Toronto.

Rose day will soon be here, everyone is looking forward to it, a great many women and girls having been working for many weeks making such pretty roses to sell on June 23. The day is in honor of Queen Alexandra and is being done by the Women's Aid of the Royal Alexandra hospital. Quantities of roses will be carried in motor cars, suitably decorated, to the different stations at which they are to be sold, so that as fast as they are disposed of the stations will be replenished.

Mr. and Mrs. J. J. Galloway, Mrs. Ferguson and Master Galloway have returned from a month's visit in the east.

Mr. and Mrs. Hugh Nash and family of Swansea, South Wales, England, are the guests of Mr. and Mrs. A. E. Nash until they establish their own home here.

Latest reports are that Mr. J. P. MacDonald are that she is slightly improved but still in a critical condition.

Miss Grace Peltan has gone to her home in Yarmouth, Nova Scotia.

Mrs. J. J. Anderson is a tea hostess today for Mrs. J. Stephens of Collingwood, and Mrs. B. B. B. B.

Mrs. Frank Blackburn and family are summing at Gull Lake.

Mrs. Martin Griffin was hostess on Thursday afternoon of a bridge party.

MILITANT SUFFRAGETTE CHAINS HERSELF TO WELLINGTON STATUE

London, June 17.—A militant suffragette today created a diversion in the center of the city by chaining herself to the statue of the Duke of Wellington, in front of the Royal Exchange. She then shouted to the passing business men, calling on them to intervene in behalf of the imprisoned woman. She was eventually removed by the police amid the jeers of a large crowd.

DO YOU KNOW.

That Poret has introduced the scarlet glove.

That Bernhardt will enact Shylock on her coming "farewell" tour of America.

That footgear for women grown gorgeous because skirts are short.

That some girdles are vests, others are tunics, and many instances the skirt is the gown.

That shantung silk cloth in various colors, combined with Roman stripes, is a favorite Paris material for bride's going-away costume.

That it is the wise housewife who remembers that vacation is the time to get away from routine.

That a basket is the most effective way of decor.

That, decidedly, the baquette-like dress that buttons down the front from top to bottom is the very latest and most ultra fashion.

That Miss Clatter Cleveland was presented at last week's Royal court were the robe of magnificent Venetian point lace in which her grandmother had been presented to Queen Victoria half a century ago.

That in supporting a resolution in favor of a living wage, passed at the recent Synod of the Presbyterian Church of England, the Rev. J. H. Wilson called attention to the fact that there were 50,000 women in London not earning more than 1s. 6d. per hour.

That the new waistcoat blouse was specially designed for wear with the all-popular cape, and it is not really intended to be seen without it.

That over 300 boys and girls are carrying on a novel recruiting campaign in London, where they are distributing circulars, telling the women of the delights of army life.

That the newest of plain petticoats are composed of cotton or flannel lined, lavishly decorated with fine lace and tiny floral wreaths worked in embroidery silk or ribbons.

The Telephone Cozy

She looks like a large-sized tea cosy the exquisitely dressed lady who stands on a table in the entrance hall, and one wonders how she happens to be left there until a little bell rings imperatively and somebody, hastily brushing aside her skirts, cries "Hello!" She's the telephone cozy and in order that her duties may be wide enough to flow gracefully over the wire cone on which her body is poised she must be dressed in a costume of an earlier period. The early Victorian, eighteenth century or Elizabethan will do, but she must get a biquet doll whose trunk will be in proportion to legs that should be as long as the latest telephone instrument. The cage is made of stout wire, curving from a base like the crown of a hat, but slightly bent back near the front, where the skirt passes to allow the telephone receiver to be easily taken up.

Chanticleer or Helmet

It is question as to whether a chandelier rampant or the ancient Greek helmet is responsible for the latest hat and culture ornamentation, but an upright fringe of feathers extending over the head from the forehead to the back of the neck is a sure fancy that is gaining in favor. On a hat the high rim on one side or the low helmet-like crown gives support for this Indian headdress effect, but when no hat is worn the feather fringe is usually held in place by a band of jeweled extending all the way round the head.

Test for Silk

Why did your last year's silk split and crack? Because it was lightweight. You must have tested it easily before purchasing and saved both money and worry. A bit of the silk and a match are all you need for a sure test. Light the match and apply it to the fabric. If it holds its shape the silk is adulterated with some of the various minerals so used. If it melts down in burning and runs together in a puffy mass the silk is pure. This is one of the tests given in the correspondence course in fabrics offered by the University of Wisconsin.

Popularity of Plaid Silks

Plaid silks are wonderful productions, both artistically and for use. They come in taffeta and satin and more. Plaid suitings will vie with stripes as the summer advances.

To prevent raddles from dripping when they are lighted, put them in the ice box close to the ice fabric about minutes before lighting. They will give no trouble.

HELP THE GIRLS!

Theatres and Picture Shows

EDMONTON NEWSBOYS WILL AGAIN ATTEND PANTAGES THEATRE

The philanthropic spirit of Charles L. Gill, manager of the Pantages theatre, has crept out from hiding again. On Friday evening all the newsboys in the city will be guests of Mr. Gill at the theatre. About eight o'clock the children will in gala and be seated by their band, will march west on Jasper avenue to the theatre. On their arrival the band will take up its stand in front of the theatre and for ten minutes give a free band concert to all those who wish to hear them. Then they will disband and proceed into the performance in which Julie Ring and company are making such a hit.

Miss Ring is playing the part of "The Girl" in the adaptation of the French farce, "The Man She Met," and is doing it cleverly. Her supporting company is all that could be asked for and deserves a great deal of credit for the success of the sketch. It has been some time since a Pantages audience has had the opportunity to see a sketch which combines class and refinement. Usually they can get one but not the other at the same time.

The "Three Flying Kites" are making good their reputation as aerial artists. Their act is full of daring stunts and contains enough comedy to set any audience in good humor. But when it comes to downright laughter it takes Miss Ring. Her supporting company is all that could be asked for and deserves a great deal of credit for the success of the sketch. It has been some time since a Pantages audience has had the opportunity to see a sketch which combines class and refinement. Usually they can get one but not the other at the same time.

The "Three Flying Kites" are making good their reputation as aerial artists. Their act is full of daring stunts and contains enough comedy to set any audience in good humor. But when it comes to downright laughter it takes Miss Ring. Her supporting company is all that could be asked for and deserves a great deal of credit for the success of the sketch. It has been some time since a Pantages audience has had the opportunity to see a sketch which combines class and refinement. Usually they can get one but not the other at the same time.

RELEASABLE STORE

ALL ENTERTAINMENT QUESTS ALL DAY

Two Entertaining Young Americans Establish Modern Bed Store in Edmonton

TO SELL GOODS ON VERY EASY TERMS

Nothing Offered on Opening Day, Tomorrow—Interesting Window Displays.

An instance of what modern merchandising and displaying methods can do for a store is the new, reliable Bed Outfit company, of 1075 Jasper avenue (old number, 20 Jasper east), which will open its doors to the Edmonton public tomorrow morning at 10 o'clock.

The new store is unique in more ways than one. In the first place, its selling will take place the first day—it will be just a day of introduction and entertainment. Between 10 and 12 in the forenoon souvenirs will be given away to men. From 2 to 6 in the afternoon souvenirs will be distributed to the ladies. From 6 to 8 in the evening orchestra will dispense harmonious chords to those who visit the store.

The Reliable Bed Outfit company is headed by Adolph Nachman, formerly of New York and Rochester, and N. J. Jacobson, of Chicago. They are two young men who have had considerable experience in merchandising in many of the leading establishments of the two big cities of America. Last winter they decided to join forces and put a considerable amount of capital, which they had on hand into a business with which they were thoroughly acquainted, in a city which looked promising to them.

Suffice it to say that these Edmonton as the city of their future opportunity they have been busy for the last couple of months superintending the alterations and improvements in the premises which they will open tomorrow as one of the finest and best outfit emporiums in North America.

Unique Display Windows.

The two large display windows are sure to draw big crowds of sight-seers, especially children, tomorrow, and for some days to come. Although, they were not open to the public, a photographer, a Capital representative and others got a peek at them last night, and to say that they comprise probably the two most unique windows of their kind ever seen anywhere would be putting it very mildly.

In the west window is a most realistic and historically accurate scene, depicting the well-known story of Little Red Riding Hood, as she came into her grandmother's bedroom, and was taken to find that a big bear had taken her place. The window has the bed clothes, the window has the little window cottage, the old-time chair and dresser, stand with bottles of medicine, the "granny" slippers and everything the most expert window dresser could suggest.

In the opposite window is another scene interesting to children. It shows a mother saying to her child, "Now I Lay Me Down to Sleep." Just before retiring, with a faithful dog companion also kneeling at the bedside. The doll and other playthings are carefully strewn around, just as they would be by a care-free but tired little sleeper.

Extensive Buying Connections.

Messrs. Nachman and Jerlaw company yesterday that the company would do exclusive bed and bed-outfit business, handling all kinds and sizes of beds, mattresses, couches and parts of same.

All the merchandise handled is to be made specially for the Reliable, which is a very clever and well-constructed machine that they can practically dictate to the makers of beds and in that way get prices much lower than the ordinary.

To give their customers the benefit of their buying power, Mr. Nachman stated that they would sell goods at very low prices, as low as 10 per cent. without any interest or other extra charges whatever. Everything is to be made in the factory and warranted to give satisfaction. In this way it is hoped to give the people of Edmonton some of the better accommodation of those of the large cities in the United States and the east.

A feature of the store is that it is divided into sections on each side, with carpets laid alongside the beds, so that patrons can practically walk on themselves without annoyance from anyone else. The establishment is brilliantly lighted and fitted up with modern "Tungsten" lights and pots of flowers, etc. The proprietors state that everybody will be welcome tomorrow, opening day, and, to make them feel perfectly at home, no goods will be offered for sale at all the first day.

Military Prediction

About the only prediction that military men are making concerning the hats of the future is that we are slowly approaching a fashion for the "tee." This is the logical outcome of the military hat, which has been worn down over the head and tight around the face. So far, two or three models of "tee" have appeared, one in satin and one in cloth.

Photo Drama of CREATION TO REMAIN UNTIL JUNE 23RD

Owing to the continued interest manifested in the free exhibition of the drama, by the Edmonton public, the management has decided to extend the show until Wednesday, June 23. Part 1 is shown today at 2 and 5 p.m.

Calgary Diocese Meets

Calgary, June 17.—The fourteenth annual convocation of the church of England, diocese of Calgary, opened here yesterday. Bishop Pinkham in his annual address reviewed in detail the work of the year, mentioning particularly the fact that since the last session of the synod, the diocese of Edmonton had been set off from the Calgary diocese as an independent jurisdiction. Sydney Hutton, of Calgary, was chosen secretary-treasurer of the diocese.

Housework and Beauty

There is nothing like housework for physical culture. In the various actions performed by the different parts of muscles during the large number of movements incidental to housework we have an admirable system of gymnastics peculiarly adapted to the needs of women. A certain amount of exercise which arouses and interests the mental faculties, while occupying the activities of the bodily organs, is necessary to health, and to say that they comprise probably the two most unique windows of their kind ever seen anywhere would be putting it very mildly.

To make windows very clean, wash with good scouring soap, rinse and rub with a flannel cloth wet with vinegar. Then polish with a dry cloth. Popularity among N.Y. smart women.

DISSATISFACTION OVER PAVING TO BE DONE IN 1914

Alderman Gives Notice That
Program of Work Be Gone
Into Again.

ALBERTA AVENUE IN
WRETCHED CONDITION

Statement Made It Is Worst
Street Existing From
Coast to Coast.

Considerable discussion arose last night in the city council over the 1914 paving program, details of which have already been published. The appropriations as reduced call for the laying of 100,000 yards of street paving.

Alderman Calder failed to see just what this program of work was mapped out by, claiming that it had not been apportioned in a judicious and proper manner. A similar expression of sentiment was voiced as well by other members of the council.

After much controversy Alderman Calder gave notice that he would move at the next meeting that the council in committee as a whole go into the matter of paving and other construction work for this year.

A delegation was also heard from the south side relative to the paving of Fifth Avenue between Fifth and Eighth streets. It was pointed out that this particular stretch was in a very bad condition. It was understood that something was to be done last year, but no more had been done yet.

Property owners on Alberta Avenue also had a similar grievance. They asked for a paved walk from Carey Street and also that certain street paving be laid as well. It was stated that there was not a street in as bad shape from coast to coast.

Murdoch Ross, 7th Avenue, asked to have the sewerage extended to his property. His case, along with that of the two delegations, was referred to the commissioner of public works, to be dealt with further.

REPORT IS SUBMITTED ON CHARTER OF NEW ELECTIVE COMMISSION

A supplementary report from the elective commission charter commission chairmen James East, chairman, was laid upon the table at the council meeting last evening. The report is a carefully compiled data and information re elective commission government, the advantages and disadvantages of the same, and the results of the survey made by the commission government, the advantages and disadvantages of the same, and the results of the survey made by the commission government.

These letters deal with the initiative, referendum and recall, electing commissioners to specific office, electing them to the board as a whole, several forms of ballots and methods of electing commissioners. Also replies are made to queries as to the success of the operation of commission government, the methods of handling finance, sale of debentures, to what degree keener interest in public affairs has been stimulated, if more capable men are induced to seek public office and if there is any inclination to revert to the former system of government.

The report gives evidence of much careful effort and painstaking in its preparation. Copies of this report are being made for each member of the larger committee which will consider the proposed new elective commission charter.

DEPTS. CANNOT ISSUE WRITS WITHOUT CONSENT OF THE CITY COUNCIL

At the meeting of the council last night Alderman Clarke moved that the various city departments be still required to abide by a resolution passed by the council about 1911 to the effect that no writ or other process should be issued using the name of the city as plaintiff without the express authority of the council, except where it was necessary to issue a garnishment where the money sought to be garnished was liable to be paid out at once.

The motion, which was brought before the council by the city solicitor, was carried. Some of the members had expressed a wish to enter suits to collect sums due them. They conferred with the solicitor as to whether action in this regard might be left to their discretion. They will, however, still be made to adhere to the standing rule.

MARRIED TEAMSTERS PETITION COUNCIL FOR EMPLOYMENT

A petition was received by the city council last night signed by a number of teamsters who are teamsters in the city. The petitioners claim that they had been unable to get work. Being married men and having families to support, they feel that a hardship is being worked upon them especially in view of the fact that many single men and farmers from outside points are given work by the city while they are forced to remain idle. In many instances, they also called the council's attention to the fact, more than one team was engaged from one man. The matter was referred to the commissioner of safety and health, to look into.

FOR FLETCHER'S
CASTORIA

Doings of the City Council

Meeting broke up owing to disregard of Alderman Clarke upon point of order on resolution in connection with present police investigation.

Aldermen Smith, Calder and Douglas withdraw from council chamber, leaving no quorum to proceed with business.

Home for working girls of Catholic Women's League granted discount for light and water.

Rule sustained that no writ shall be issued by any civil department using name of city as plaintiff without the authority of the council.

City engineer and architect ordered in future to specify no name or brand of materials but merely quality.

"Hands Across the Seas" movement soliciting donation referred to Commissioner Booth to take up with Board of Education and vapor.

Acknowledgement of resolution in regard to Detention Home received from Premier Sifton and filed.

Protests against certain local improvements received and filed.

Sewer and water services authorized to owners, recommended by commissioners to be charged up as ordinary rates.

Property sold for industrial site to Edmonton Iron Fence and Wire Works.

Delegations received re sewerage extensions and street paving. "Not a street in as bad shape from Coast to Coast," as Alberta Avenue, said one ratepayer.

Safety and Health Commissioner's report received on investigation of Building Inspector's Department.

FINDS BUILDING DEPT. WELL RUN

Commissioner Booth Makes
Full Report Resulting From
Investigation.

DISMISSES ALL CHARGES

States Building Inspector's
Services Are Found Quite
Satisfactory.

Commissioner Booth submitted his report on his investigation of the building inspector's department to the city council last night. It dwelt in detail upon each separate charge laid against the department in question, by the complainant, Frederick Forbeck, and was of a thorough and comprehensive nature.

After going fully into every charge and expounding the true facts and conditions as he found them, the commissioner concluded with the following comment: "I therefore, wish to report to your honor that I do not think conditions in the department are at all as serious as the complainant makes out. In fact, I am well-satisfied with the carrying out of the department. There are certain small buildings throughout the city which the department has tried to have removed, but brought suit to have removed, but so far without success. But had hoped that the changing of the bylaw would furnish success in this direction.

"I think Mr. Melvor is generally efficient, generally respected and generally satisfactory, and I beg leave to request that no further attention be paid to the complaint of Mr. Fred Forbeck."

SEWER AND WATER SERVICE AS TAXES IN RELIEF CASES

Upon recommendation of the commissioners, the city council last night, on motion of Alderman May, authorized that a number of property owners who requested sewer and water service be given the same. The work is to be done by the city and charged up to the properties as ordinary taxes.

This stand was taken owing to the fact that the owners in question are not in a financial position at the present time to bear the cost of such installation. Investigation by the relief officer was made in each individual case and he reported the circumstances to be such as represented.

MUST NOT SPECIFY NAME OR BRAND BUT MERELY THE QUALITY

In future both the city engineer and architect are instructed to specify no name of any "brand" of material or supplies that may be called for in any specifications relative to work or construction to be undertaken by the city. Instead, they will be required to merely state the quality or grade of material. In the recent case, in which the same was made, in connection with certain material for the new fire hall, the city council last night reminding the department that this rule must after this be at all times observed in order to avoid friction or feeling among supply companies.

Ask Council's Aid.

Commissioner Booth was instructed at last night's council meeting to take up the question of aid to the "Hands Across the Seas" society with the school board and report further on the same. The movement is one of empire and nation under the auspices of the dominion government, the government of Newfoundland and the educational authorities throughout the British empire.

It originated in western Canada and was assumed by the Canadian cities and towns that a residence headquarters in London (Eng.) is an absolute necessity. The Canadian cities and towns are arranging for the furnishing of rooms and suites in this building. They ask that Edmonton will be represented in a manner which will give interested persons from all parts of the Empire a fair idea of this splendid city and district.

A stream runs most rapidly one-fifth of the depth below the surface and its average speed is that of the current two-fifths of its depth above the bottom.

ALDERMAN KINNEY OFF AS OFFICIAL DELEGATE TO CALGARY CONVENTION

Alderman Kinney and Commissioner Harrison left last night for Calgary to attend the second annual gathering of the Alberta Town Planning and Housing association now in session in the former city.

At the last moment Alderman Sloop, who along with Alderman Kinney, was to form the official civic delegation representing Edmonton, found it impossible to get away owing to illness in his family. Commissioner Harrison is the alternate and will attend the convention which was opened yesterday afternoon by his honor, Lieutenant-governor Hulea.

The reply to the address of welcome by Acting-mayor Costello, was made by Sir Mayor Armstrong, the president of the association. Parks Superintendent Von Aubert, who left on Thursday last, took with him the plans prepared two years ago for the beautifying of Edmonton. These will form the local exhibit at the convention.

Among those in attendance are Hon. Charles Stewart, director of public works; Hon. Wilfrid Garfield, minister of municipalities; and Malcolm R. Ross, deputy minister of public works. Saskatchewan, Mayor Deacon of Winnipeg, Mayor Wallace G. Nye of Minneapolis and a minister of the cabinet of British Columbia, are also expected to be present.

FOUR PROTESTS ARE RECEIVED AGAINST LOCAL IMPROVEMENTS

Protests against local improvements were received and filed at last night's council meeting as follows:

Against paving Eleventh Street from Jasper to Tenth north of Jasper; against paving Third Street west from First Avenue south to Second Avenue south; against paving Second Avenue west from First Avenue south to Second Avenue north; against paving Second Avenue N.W. from Second Street west to Fourth Street west.

The petitions were certified by the city assessor as being sufficiently signed to meet the requirements of the city charter.

CATHOLIC HOME FOR GIRLS GRANTED RATE ON LIGHT AND WATER

The Catholic Women's League home of this city, for homeless girls and sick working, were granted a discount for water and light by the city council last night. In a communication it was pointed out that this privilege was enjoyed by other institutions of a similar nature, in the city, along charitable lines. The same was solicited by them. The council were unanimous in making the grant, as has been previously done by the Y.W.C.A. here as well.

CITY SELLS LAND FOR INDUSTRIAL SITE TO WIRE CO.

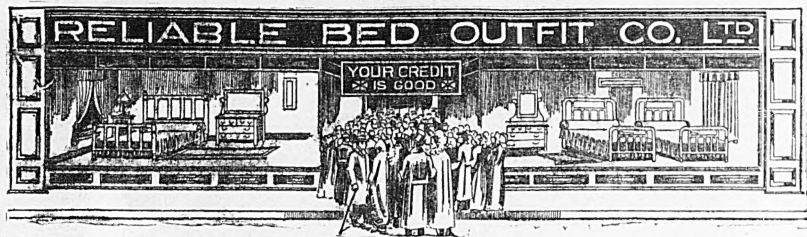

On motion of Alderman Calder, seconded by Alderman May, the sale of the property desired as an industrial site by the Edmonton Iron Fence and Wire Works was authorized at last night's council meeting. The same was not established as a precedent and was only adopted by the city council in so far as property in question is concerned—the said property being sold in accordance with the city charter.

MARoons STILL LEAD NORTHERN; BEAT GRAND FORKS

Winnipeg, June 17.—The Winnipeg Maroons closed first place in the Northern league by downing the Grand Forks team again last night. The score was 3 to 1 and the locals had on the victory all the way. Although pitching by Dugan, assisted by good support was the main cause of Winnipeg's victory. Dugan only allowed two hits, one very scratchy, but they both came in the second round and counted for a tally. Score was effective with men on bases except in the second and fourth, when the locals did their scoring. A crowd of 4,000 greeted the team.

An Australian is the inventor of a recording target which shows the course of bullets in relation to both stationary and moving objects.

HELP THE GIRLS!

THURSDAY, JUNE 18th

Opening Day of the Store For All the People

The store for the people will open its doors to the public tomorrow from 10 a.m. to 6 p.m. It shall be our aim to meet every demand and extend every courtesy to the public in which we have the utmost confidence and for that reason we installed our credit system and our motto hereafter will be 'Your Credit Is Good.' We will carry every thing in the line of bed outfits, davenport, couches etc. from the cheapest to the best at the very lowest prices with the very best accommodations of weekly payments without any extra charge of interest.. Come tomorrow and see for yourself and enjoy the day with us—NO GOODS SOLD

SOUVENIRS FOR GENTLEMEN

FROM 10 TO 12 P. M.

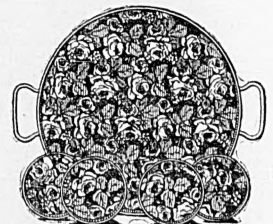

Musical Selections by Well Known Orchestra
FROM 3 TO 5 P. M.

SOUVENIRS FOR LADIES

FROM 2 TO 6 P. M.

Illuminated Window Display
FROM 9 TO 11 P. M.

We have secured one thousand beautiful German Coster Sets as shown in cut which we will present to ladies only between the hours of 2 and 6 p. m. No souvenirs will be reserved and absolutely only one will be given to each lady. The souvenirs to be free of any charge with the compliments of the firm.

Be Sure and See our Window Exhibit of the Two Famous Pictures

"Little Red Riding Hood"

"Little Red Riding Hood," the well known and much related story reproduced in life size in our window. You will see the wolf and the child in an exact reproduction, the wolf in bed posing as Grandma surprises Red Riding Hood as she enters the log cabin. This exhibit surely will appeal to everybody.

"Now I Lay Me Down to Sleep"

"Now I Lay Me Down to Sleep" An exact copy in life size exhibited in our window which no doubt will be appreciated by every mother as it is a very familiar scene. The child and her true and constant companion and playmate, the faithful dog, are shown in earnest prayer at the bed side before retiring for the night.

News of the Markets

Winning Grain.

Winnipeg, June 17.—Winnipeg wheat opened 3 1/4 to 3 1/2 lower; oats, unchanged; flax, 3 1/4 to 3 1/2 higher. Wheat was dull and weak; oats steady and flax firm. Cables closed unchanged to 3 1/2 lower. Any support the market here might have had from the continued dry weather in the Canadian west was discounted by the weakness on the American markets, which are evidently still under selling pressure. Reports of good progress in harvesting the winter wheat crop, and of yields exceeding estimates, are a very likely at present to encourage holders as the stocks are everywhere low, new wheat will be on the market in abundance within a very short time.

There is no news of any export business being worked and in the cash market little is doing in any line but 2 C.V. oats, which were in fair request. Receipts were heavy and stocks in interior elevators are moving fast to terminals. Inspections for they were 995 cars in eight 311, Minneapolis 102, Duluth 95, and Chicago 21.

REVISION COURT ON APPEALS CONCLUDED FOR SOUTH SIDE

The city commissioners concluded their labors as a court of revision in the south side of the city yesterday. The afternoon was spent hearing the complaints from residents on the south side of the city. The only complaint granted was that in the case of some lots on St. Placide street. These had been assessed at \$75, while the adjoining were only placed at \$50. In view of the fact that considerable time and expense had been spent by the owners in erecting and improving the same, they were accorded the same assessment as the lots in the locality. This morning the commissioners made a tour of inspection of certain lots that were laid out on the south side of the river for further consideration. The property at Belvidere was not yet decided, entitled to any reduction.

Kentucky has a new child-labor law which is unique in that it forbids street work for boys under 14 years of age.

REVISION COURT ON APPEALS CONCLUDED FOR SOUTH SIDE

The city commissioners concluded their labors as a court of revision in the south side of the city yesterday. The afternoon was spent hearing the complaints from residents on the south side of the city. The only complaint granted was that in the case of some lots on St. Placide street. These had been assessed at \$75, while the adjoining were only placed at \$50. In view of the fact that considerable time and expense had been spent by the owners in erecting and improving the same, they were accorded the same assessment as the lots in the locality. This morning the commissioners made a tour of inspection of certain lots that were laid out on the south side of the river for further consideration. The property at Belvidere was not yet decided, entitled to any reduction.

Kentucky has a new child-labor law which is unique in that it forbids street work for boys under 14 years of age.

A TRIP TO PANAMA

THE CAPITAL wants every one of its readers to take a trip to the GREAT PANAMA CANAL and see the wonders of this mighty achievement. You say you can't spare the time. All right, then we'll bring the Canal TO YOU—all in one BIG volume, filled with PICTURES of ACTUAL SCENES never before published, described in words that hold you spellbound. Read on, and learn how you may get this magnificent book—this complete story of Panama in picture and prose—

Not merely a picture book, but an educational work of rare interest to every member of the home.

FOR \$1.20 ONLY

Art plates reproduced from water-color studies abound throughout the entire magnificent volume.

Every progressive man, woman and child is eager to know all about the Panama Canal and the remarkable country through which it passes. Realizing this fact several hundred newspapers have arranged to take an enormous advance edition of the most elaborate and complete illustrated history of PANAMA AND THE CANAL, published by the Syndicate Publishing Co., of New York City.

This company is eminently fitted to issue such a work at a minimum cost. It has heretofore supplied through daily newspapers millions of high-class dictionaries and other books.

THE CAPITAL is the one paper in this section through which PANAMA AND THE CANAL IN PICTURE AND PROSE can be had. The plan outlined below tells you how to get this only complete Panama Book ALMOST FREE.

The large volume is twice the size of an ordinary novel; it is a most handsome book, stamped in gold, with beautiful color panel on front cover, showing the famous Culebra Cut; it contains 450 large pages filled with interesting information of rare educational value to every reader. The illustrations are modern works of art, covering every important scene in the Canal Zone; they include 16 water-color plates with more than 600 photographic studies.

Presentation By The EDMONTON CAPITAL

Willis J. Abbot, the versatile writer on international subjects and author of many books of history and travel, spent months in Panama and the Canal Zone in the preparation of this volume. He collected at first hands the complete history of the great Canal, with a wealth of historical data concerning Panama which has never before been written. The result is a human interest story of this beautiful land and its people from the early days when Columbus tried to find a natural waterway from the Atlantic to the Pacific, down to the present time.

Special staff photographers made the hundreds of beautiful views which illustrate practically every page of this exhaustive book.

The well-known artist, E. J. Read, made the sixteen sumptuous water-color studies which are reproduced by the latest color processes on specially made paper.

The Panama Canal, the greatest engineering achievement of the world's history, cost more than

\$400,000,000

It links the two greatest oceans, and becomes the most important factor in peace and war. So where is the red-blooded inhabitant of this globe that does not feel vitally interested in it? Truly it is the wonder of this progressive age!

PANAMA and the CANAL in PICTURE and PROSE

The Most Unusual Canal Scenes Described in Word Pictures That Fill You with Astonishment at the Wonders of this Great Undertaking

The greatly reduced illustration printed below shows less than half the size of the large illustrated volume
